

PUBLIC ACCESS NALOXONE CABINETS

THE FIRST NALOXONE CABINET - Created in 2014

Our company is proud to say that we “created the category” for this type of cabinet/case many years ago, before the Opioid Crisis had become front-page news. Having years to think about it, you will see that our ideas on both the high end and the low end of the market are far superior to other companies that have rushed containers to market to just have something to sell.

Made in U.S.A. 

THE HIGHEST CAPACITY

Example of a dual-use box that can be placed in overdose hotspots and used in both emergency and non-emergency naloxone distribution efforts:

THE BEST SIGN (And Its Included!)

We make the best signage on the market. Even companies with other storage solutions buy our sign.

Our three-dimensional metal signs project out from the wall so they are visible from either direction down busy corridors. Available in Purple (#EN9417), Red (#EN9409), or Spanish (#EN9495). Purple is the official color of the Opioid Overdose Prevention Movement.

And So Are These...

Illinois Supply Company's cabinets are installed in thousands of public buildings around the world.

Our forward thinking concepts created the categories for both public access epinephrine and public access naloxone cabinets and cases. Our naloxone cabinets and cases are the choice of Veteran's Administration (VA); FDA (Food and Drug Administration); Fentanyl manufacturing facilities and U.S. Customs and Border Patrol facilities and airport customs locations across the USA.

www.IllinoisSupply.com

Built in the USA with the love of a parent, and a prayer that they'll never be needed.

COMPATIBLE WITH EVERYTHING, WITH ROOM TO SPARE

Our Velcro® back plate allows you to install any brand of Naloxone, past, present or future into the cabinet in a visually appealing way:

Velcro® dots - The secret to forward and backward compatibility with all medication.

Around the world, our cabinet is used with brands of Naloxone that aren't even available in the USA - works with all of them!

CUSTOM LABELING IS OUR SPECIALTY

We can produce bi-lingual labels for any language if you have to provide or approve translation.

An example of a custom labeled cabinet:

OVERDOSE EMERGENCY KIT

Label 1: Default: OVERDOSE EMERGENCY KIT
Other Possibilities: OPIOID OVERDOSE KIT, NALOXONE EMERGENCY KIT

To Replenish Your Naloxone Cabinet please call 270-444-3621

- TURN KNOB TO OPEN CABINET
ALARM WILL SOUND
ALWAYS CALL 911
- Instructions Inside Cabinet
In An Emergency Dial 911

ARE YOU STRUGGLING WITH ADDICTION?
CRISIS LINE: 800-592-3980
24 HOURS A DAY. 365 DAYS A YEAR

Label 3: Default: OPTIONAL CUSTOM LABEL
Organization Logo
Crisis Line Phone Number
Replenishment Contact Info

Can we install Public Access Naloxone in 3,124 Counties in 3 years?
Well, we're going to give it our best shot!!!

THE BEST INSTRUCTIONS ARE THE ONES BIG ENOUGH TO READ UNDER STRESS!

The size of our cabinet and the recessed back plate allow us to store a full-sized 8.5 x 11 laminated instruction sheet for the medication of your choice (Narcan etc.) In an emergency, a Good Samaritan, who is unfamiliar with Narcan, can quickly figure it out and use it (without having to unfold one of those accordion-style pharma company instruction leaflets, where the font size is tiny.)

The offset back panel allows our instruction sheet to fit in the cabinet with no folding.

QR CODE LINKS TO VIDEO TRAINING

The New Generation of Good Samaritans are tech-savvy, that's why a QR code links instantly to training videos, for planning ahead - or in the moment of crisis!

TRY IT!
(point your cell phone camera at this code)

RELABEL IT DOWN THE ROAD IF YOUR NEEDS CHANGE

Our cabinet is the only one on the market available with clean-remove labeling, in case you ever need to change things around!

Screen Printed Cabinets Go In The Garbage If Your Needs Change – Not Ours!

PUBLIC ACCESS NALOXONE CABINETS - DISPLAY YOUR NARCAN PROMINENTLY!

This Naloxone cabinet uses two labels to offer a phone number to call if the cabinet needs to be refilled and a separate label with the organization's Crisis Line.

This design was created for Bucks County, Pennsylvania for their public access Naloxone initiative.

Illinois Supply created the Naloxone cabinet category in 2014. Even pharmaceutical companies that make Opioids use our cabinets in their facilities.

Oneida County, NY purchased 100 custom labeled Naloxone Cabinets for their Public Access Naloxone program.

This Nyxoid Cabinet was created for the Government of Western Australia for their locally available brand of Naloxone.

Proposed design for Alcohol, Drug and Mental Health Board of Franklin County, OH public access Narcan strategy.

Armstrong-Indiana-Clarion Drug & Alcohol Commission uses this cabinet in their Public Access Naloxone program.

This design was created for the Washington D.C. Department of Behavioral Health.

This cabinet was created for the Prevention Network in New York State.
